

December 1, 2003

Montana Medicaid Notice

**Physicians, Mid-Level Practitioners, Public Health Clinics,
Lab and X-Ray, IDTF, Hospital Inpatient and Outpatient,
and Indian Health Services Providers**

Local Codes

In accordance with HIPAA, Medicaid cannot utilize local codes (codes that are not nationally used, i.e. found in the CPT or HCPCs books). The Physician Program has been using a couple local codes in order to provide reimbursement for services/supplies. These codes will no longer be available effective December 31, 2003:

Z0695 = Contraceptive supplies

Z0805 = Vaccine administration of Vaccines For Children (VFC)

Z0695 will be replaced by the following codes and will continue to price at \$45.00 per unit.

- A4266 = diaphragm
- A4267 = male condoms
- A4268 = female condoms
- A4269 = spermicide
- S4993 = oral contraceptives

Z0805 will be replaced by the following code and will continue to price at \$9.50 per administration.

90471-SL = VFC administration
